HELP! J.F. Frank & Co. FOR THE WEAK, **NERVOUS AND**

The afflicted can now be restored to perfect health and bodily energy, at home, without the use of medicine of any kind. PULVERMACHER'S

For self-application to any part of the body, meet every requirement. The most learned physicians and scientific men of Europe and this country indorse them. These noted Curative appliances have now stood the test for upward of thirty years, and are protected by Letters-Patent in all the principal countries of the world. They were decreed the only Award of Merit for Electric Appliances at the great World's Exhibitions—Paris, Philadelphia, and elsewhere—and have been found the most valuable, safe, simple, and efficient known treatment for the cure of disease.

READER, ARE YOU AFFLICTED? and wish to recover the same degree

and wish to recover the same degree of health, strength, and energy as experienced in former years? Do any of the following symptoms or class of symptoms meet your diseased condition? Are you suffering from ill-health in any of its many and multifarious forms, consequent upon a lingering, nervous, chronic or functional disease? Do you feel nervous, debilitated, fretful, timid, and lack the power of will and action? Are you subject to loss of memory, have spells of fainting, fullness of blood in the head, feel listless, moping, unfit for business or pleasure, and subject to fits of melancholy? Are your kidneys, stomach, or blood, in a disordered condition? Do you suffer from rheumatism, neuralgia or aches and pains? Have you been indiscreet in early years and find yourself harassed with a multitude of gloomy symptoms? Are you timid, nervous, and forgetful, and your mind continually dwelling on the subject? Have you lost confidence in yourself and energy for business pursuits? Are you subject to any of the following symptoms: Restless nights, broken sleep, nightmare, dreams, palpitation of the heart, bashfulness, confusion of ideas, aversion to society, dizziness in the head, dimness of sight, pimples and blotches on the face and back, and other despondent symptoms? Thousands of young men, the middle-aged, and even the old, suffer from nervous and physical debility. Thousands of females, too, are broken down in health and spirits from disorders peculiar to their sex, and who, from false modesty or neglect prolong their sufferings, Why, then, further neglect a subject so productive of health and happiness when there is at hand a means of restoration? On and after this date our Office and Warehouse will be open. We are ready for business, and respectfully solicit CONSIGNMENTS OF COTTON. Our friends who are indebted to us will greatly relieve us by making prompt shipments.
